MINNESOTA BULLETIN NO. 190-4-7

SUBJECT: ECS- PLANT MATERIALS ACTIVITY REPORT

Purpose: To distribute 2003 / 2004 Northland News from the Plant Materials Center (PMC).

Expiration Date: September 30, 2004.

Under separate cover, each office will be receiving a copy of the *2003 / 2004 Northland News from the Plant Materials Center (PMC) in Bismarck, North Dakota*. This report includes a brief summary of high priority projects and activities, which may be of interest to you and your staff. For additional information or data summary, please contact the Bismarck PMC.

In addition to this publication you will also receive an updated seed / plant growers list of cooperative releases and a planting guide for prairie cordgrass featuring the 'Red River Germplasm' release. This current information and technology from the Plant Materials Program has direct application to many of the conservation programs and environmental concerns of today.
