TOUR DESCRIPTIONS

Tour spaces are limited. When registering for a tour, indicate the order of preference in which you would like to be assigned to a tour. Your preference cannot be guaranteed. Assignment will be on a first-come, first-serve basis. All guests registering together will be assigned to the same tour as space allows. Lunch is included for each tour.

1	Aldo Leopold Foundation Tour of Aldo Leopold's farm and the shack on the Wisconsin River. The tour includes a discussion of the history and philosophy of Aldo Leopold, a visit to the shack and a walk through restored prairie, woods and the banks of the Wisconsin River. Aldo Leopold is the author of A Sand County Almanac. http://www.aldoleopold.org/
2	Geology of Wisconsin Dells: The Upper Dells features some of the areas most striking signature sandstone cliffs. Along the scenic route, you will see some of the tallest rock formations of the region such as Steamboat Rock and Black Hawk's Profile. During the tour the boat stops at two historic shorelandings– Witches Gulch and Stand Rock. Witches Gulch is the first stop where passengers can explore mysterious passageways as they walk through this cool canyon that offers beauty beyond words. Stand Rock is the area's world-famous trademark – sculpted by the forces of nature. Watch in amazement as our specially trained jumping dogs leap the five-foot chasm from the main cliff to the rock ledge. The demonstration commemorates the world's first stop-action photo taken by famous Dells photographer H.H. Bennett in 1888. Website: http://www.dellsboats.com
3	International Crane Foundation The tour starts with a video introducing how the ICF got started. Then it takes you to an outside tour. The International Crane Foundation (ICF) is the only place in the world where you can see all 15 crane species. You will learn about the techniques used to preserve some of the rarest birds in the world. It will discuss conservation projects, explore nature trails through oak savanna, wetlands and tall grass prairie and learn about ecosystem restoration and preservation. http://www.savingcranes.org/index.cfm

ADDITIONAL EVENTS

Regardless of the type of registration you choose (NOPHNRCSE Conference or NEDC training), you will be entitled to participate in the following events. Please indicate on your registration form those you wish to participate of. No price adjustments will be made for not participating in some of the events.

Monday night: President's Reception

Tuesday: Award Luncheon

Tuesday night: Scholarship and Auction Night

Wednesday: State Conservationists' Breakfast

Thursday night: Banquet
