We anticipate the trees to arrive the last week of April or the first week of May. You will receive a letter with pick-up dates and times. Trees not picked up during scheduled pick-up dates will have a \$20 per day storage fee.

I submit this order of trees through the Benton Soil and Water Conservation District. I understand that planting stock not surviving cannot be replaced by the District and the District does not guarantee survival. I understand that the below trees ordered cannot be used for ornamental purposes nor can they be resold, given away, or be removed with roots attached. I understand that the trees ordered are for conservation purposes only; such as, wildlife, erosion control, windbreaks or shelterbelts. The District reserves the right to substitute stock. The District will not be responsible for tree condition if trees are not picked up on scheduled pick-up dates.
