# Conservation Security Program

Application Eligibility Checklist

Minnesota, 2005

After completing the self-assessment workbook, if you feel that you meet the basic eligibility requirements and are interested in applying for the Conservation Security Program (CSP), schedule an interview at your local NRCS office, and bring the following information with you to the interview.

- Self-Assessment Workbook
- Maps identifying fields in your agricultural operation (Farm and Tract Numbers)
- Control of Land Documentation
- Rotation and Tillage Benchmark Inventory Sheet (or another form for documentation)
- Water Quality Eligibility Checklist
- Nutrient and Pest Management Practices Documentation
- Farmland Wildlife Habitat Self Assessment (if you wish to enroll in Tier III)
- Grazing Lands Self Assessment (if applicable)
- Soil Test Results
- Manure Test Results
