Minnesota Supplement for:
Practice Standard 533 – Pumping Plant

Supplemental Criteria

- 1) **Consult General Provision 15 for Ag Waste System payment cap information.**
- 2) Payment is for permanently placed pumps and pumping equipment. Payment for Pump & Pressure tank upgrade; Solar Pumps and Windmill require a Prescribed Grazing system or Access Control to be performed by the participant.
 - a) Portable pumps such as solar pumps or windmill are eligible when there is no other feasible alternative for pumping water to livestock.
 - b) Water systems for human use are not eligible.
 - c) Payment under “Pump & Pressure Tank Upgrade” include the pressure tank, controls and wiring. This option is only for existing grazing systems where the pump and pressure tank do not provide adequate water as outlined in a prescribed grazing plan.
- 3) Perimeter Drain Lift Station payment includes the sump, pump, piping, controls and wiring after the service panel for a clean water lift station needed when a gravity outlet is not available.
